

CLEMSON[®]

School of COMPUTING

Brilliant Orange Graduate Information Days

Thursday, November 3—Saturday, November 5
McAdams Hall, Clemson University

The **Brilliant Orange** Graduate Information Days event provides high-achieving undergraduate juniors, seniors and Masters students the opportunity to investigate the benefits of continuing their education in one of the four graduate programs in the School of Computing. We offer Doctoral degrees in both Computer Science and Human-Centered Computing, a Master of Fine Arts in Digital Production Arts and a Master of Science in Computer Science.

Starting Thursday night, you will meet professors and current graduate students in all four programs, learn about the graduate experience, the application process, opportunities for graduate assistantships and fellowships, and be treated to the demonstration tours of ongoing projects in our research labs.

Visit <http://www.cs.clemson.edu/lamBrilliant.html>

Application deadline October 24

Accepted students will receive hotel accommodations and all meals for Thursday night through Saturday Morning.
Transportation is not provided.
