

Computer Science 360  
Spring 2008

Instructor: Dr. Mike Westall  
McAdams 307  
656-5868 (Office)  
email: westall@cs.clemson.edu

Office hrs:  
10:30 - 12:00 Tu-Th  
Other hours available by appointment.  
Please see me after class or send e-mail  
when you need to make one.

Text: TCP/IP Sockets in C Practical Guide for Programmers  
by Donahoo and Calvert  
Computer Networks and Internets  
by Comer

Grading:

Minterm	25%	The <<maximum>> grade for any student whose assignment average is less than 50% is "D".
Assignments	25%	
Daily quizzes(n)	25%	
Exam	25%	

Course components:  
Introduction to networks and layered architectures  
The socket layer  
Transport layer protocols  
Network layer protocols  
The link layer  
The physical layer

Daily tests will be given at the end of class and will cover the material presented in the PREVIOUS class. Two COMPREHENSIVE makeups will be given at the time of the final exam and at least one grade will be dropped. No other makeups will be given... so please do not ask. Any student missing 6 quizzes will be dropped from the class effective the date of the 6th miss.

Final avg >=	insures grade no worse than
90	A
80	B
70	C
60	D

Unless explicitly stated otherwise, all work is expected to be your own individual, unaided (except by Dr. Westall effort..

When you are directed not to discuss the assignment, I consider this policy to have been violated EVEN IF YOU SIMPLY ASK ANOTHER STUDENT IF SHE OR HE HAS STARTED (OR FINISHED) THE ASSIGNMENT. The no discussion rule applies not only to other students in this class but to ALL HUMAN BEINGS except Dr. Westall. Discussion with plants and non-human animals is permissible as long as no humans are within earshot. Violations of this policy

will be subject to the penalties for academic dishonesty.

Late assignments will be subject to a deduction of  $n^2$  where  $n$  is the number of days late. Assignments will be due no later than 11:59pm on the due date. Weekend days count in the deduction computation. The maximum deduction is 80 points.

Directory `/home/westall/class/360` on the CS dept SUN network will contain resource materials for the class. This directory may also be accessed via:
